27-28 November 2018  
Brisbane Convention &  
Exhibition Centre

# WELCOME TO THE FUTURE OF FARMING IN AUSTRALIA

Designed to support the Australian Government's ambition to double agricultural output in Queensland by 2040, GFIA in Focus is Australia's first exhibition and conference dedicated to showcasing innovations in sustainable agriculture across two key sectors:

**controlled environments**  
& protected cropping

**precision agriculture**  
& smart farming

# A GLOBAL AUTHORITY ON SUSTAINABLE FOOD PRODUCTION

Born with the belief that continuous innovation in agriculture is the only way to sustainably feed nine billion people, the Global Forum for Innovations in Agriculture has emerged as a global authority on sustainable food production, driving innovation through exhibitions and conferences across the world.

Designed to support the Australian Government's ambition to double agricultural output in Queensland by 2040, GFIA in Focus Australia will present the latest innovations and technologies for smart food production to 2,000 food producers, policy makers, scientists and investors in a market that is expected to experience significant growth over the next few years.
